Mahar attended the Village of Copenhagen’s meeting at the end of November to discuss with the Village Trustees the expansion and the increase in water that the district will need to purchase from the Village. The Village is anticipating the loss of a farm from their consumers and the projected use of the expanded district would be under that used by that farm. The Village Board adopted a resolution allowing for the increased sales to Town of Denmark Water District #1. Town Attorney Gebo has begun drafting the IMA for this purpose.

Supervisor Fleming and Supt. Mahar also met on the Carroll property and have staked out the parcel that the Town wants to purchase from the Carroll’s for the site of the new water tower.

Discussion was held on the amount to be charged to the Villages of Copenhagen and Castorland for snow removal. The amount to be charged this year is Castorland \$1700.00 and Copenhagen \$3500.00. Discussion was held on the work done by the Village DPW's. Castorland requires less plowing and sometimes only sand. The Village of Copenhagen does not clear its own streets like Castorland does and they have more road. Supt. Mahar suggested that the Village of Castorland be increased to \$2000.00 and Copenhagen to \$4000.00. Discussion was held.

Councilman Fazio made a motion to charge the Village of Castorland \$2000.00 and the Village of Copenhagen \$4000.00 for snow removal in 2018.

Discussion continued. Councilman Thoma was concerned that the increases seemed to penalize the Village of Castorland. The percentage increase was not the same for both Villages. Discussion continued with Mrs. Fleming noting that the County pays much more per mile than either Village is being asked to.

Councilman Fazio again made a motion to charge the Village of Castorland \$2000.00 and the Village of Copenhagen \$4000.00 for snow removal in 2018. The motion was seconded by Councilman Der.

Discussion was held on Councilman Jones' request to be added to the Town of Denmark Health Insurance. Mr. Jones and his wife currently have private health insurance but would like to utilize the Town's insurance through the NYS Teamsters as it is a better rate than what he is able to secure privately. He would pay all premium costs associated with the coverage for him and his wife so there would be no cost to the Town. Supervisor Fleming has contacted the NYS Teamsters and they will allow the Town to add up to 6 non-bargaining employees (this number is based on the number of union members). After discussion and assurance that the Town of Denmark would not pay any portion of the premium, Councilman Der made a motion that Councilman Jones be allowed to join the Town of Denmark Health Insurance at his own expense for the remainder of his term of office 12/31/2017. Lewis County IDA received \$130,000 in funding from the regional economic development funding process to be used in the development of a “shovel ready” site in Lewis County for potential new business.

The County is still waiting for the final approvals from JCC for the new extension campus to be located in Lewis County. She asked the Board if they wished to send any of the monies allocated for youth services to either of the Villages as has been done in previous years. Discussion was held. Currently the Village of Copenhagen has no programs or facilities for funding of this sort to be utilized. Councilman Thoma noted that the Village of Castorland does maintain a playground facility.

After consideration of this matter Councilman Fazio offered a motion that the total of highway Abstract 631 be corrected to \$22,326.25. His motion was seconded by Councilman Der.
