Phone/Fax: 315-788-1498

To: The Town of Denmark

November 28th, 2022

From: Rutland Fire District Board of Commissioners

Subject: Request for Assistance Purchasing Multi Channel Pagers.

The Rutland Fire District is requesting assistance in purchasing 10 Unication G1 pagers for the Rutland Volunteer Fire Company.

The addition of these pagers will allow the Rutland Fire Company to increase the number of members who carry a pager capable of receiving dispatches from both Lewis and Jefferson County on a single device. The benefit to this will be having more members receiving dispatches directly from Lewis County Dispatch, which will be timelier than waiting for dispatches to be transferred to Jefferson County and re-dispatched on their frequency, which takes an average of 3 to 7 minutes.

The cost of these pagers through East Coast Pagers is \$384.75 list price per pager and \$75.60 per charger. We receive a discount of \$-20.25 per pager and \$-75.60 per charger when we request the quote through their online quote tool which brings the total cost of a pager to \$364.50 per unit (pager and charger) with a total cost of \$3,645.00 for 10 pagers.

The pagers will be shipped directly to the Rutland Fire Company and added to the Fire District's and Fire Companies inventory. Once received the Rutland Fire District and Rutland Volunteer Fire Company will assume all responsibility for the care and maintenance of these pagers.

The Town of Denmark will be informed upon receipt of the pagers and will be provided with an invoice/receipt showing paid in full for the town's accounting records.
